

LED Wall Pack

FY led wall pack can be widely used in outdoor and indoor application. UL list for wet location, Like all building outer wall, walkways, parking area, warehouse and so on.

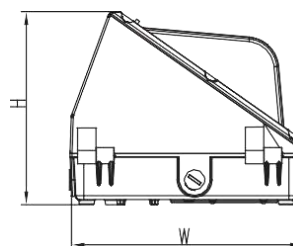

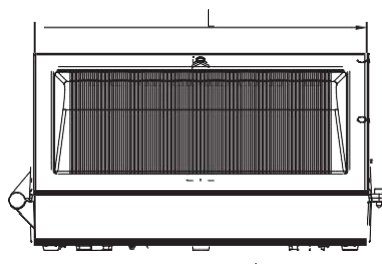

Feature:

- Ip65
- Philips Lumileds 3030chips
- Photocell control available
- Die-casting aluminum housing
- Integrated design, easy installation
- UL, cUL, DLC

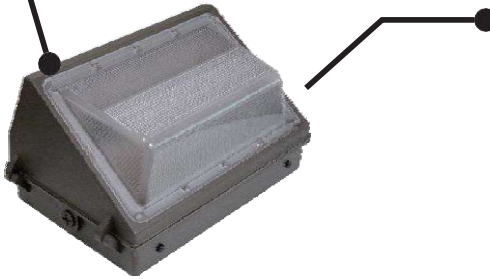

Technical parameters

Model	FY-WP-40W	FY-WP-60W	FY-WP-80W	FY-WP-100W	FY-WP-120W
Power	40	60	80	100	120
Weight	4.61Kg				5.56Kg
Size	L365*188*H229				
Lumen efficacy	100-110 Lm/w				
Input Voltage	AC100-277V/ AC200-480V 50Hz/60Hz				
CCT(K)	4000K, 4500K, 5000K, 5700K				
CRI	>70				
Warranty	5 Years				

Lens

PC material, compare to glass, light in weight easy for installation and with high light transmittance
Prismatic lens makes light more shapely

LED and Driver

Philips SMD3030 high lumen LED
Meanwell, FY driver

Optional photocell allows for further energy saving

VS

Heatsink

Integrated design with Ip65 waterproof good for heatdissipation

- The part of radiator and light source separation and not have good waterproof effect, the temperature on the high side, internal wiring clutter, installation is cumbersome.
- The light cover material is glass, easily broken, the light performance is poor.

Beam Angle
